ASP INSTRUCTOR TRAINING IS COMING TO YOUR AREA

Training dates: 4-6 May 2021

Jasper county Sheriff's Office is pleased to be bringing Armament Systems and Procedures (ASP) training to Iowa. The internationally respected and sought-after ASP Instructor Certification (AIC) course is a high intensity three-day program. The program teaches the integrated use of the three most commonly used duty belt tools: baton, restraints and tactical flashlight. AIC students participate in a demanding progression of classroom and fast-paced physical training. The training covers both the principle and practice of different baton strikes, restraint application, and tactical flashlight use. This intense course includes multi-use drills, general tactics and expert support in the event of litigation. You do not have to be a current user of ASP products to attend.

This is an ASP factory-sponsored training—there is no charge to attend, and each participant will keep over \$300 worth of ASP equipment upon successful completion of the AIC.
