INTERVIEW & INTERROGATION

3-DAY TRAINING SEMINAR

The CTK Group, the Leader in Interview & Interrogation Training, is proud to announce its 2015 Spring training schedule. Established in 2010, the CTK Group has now trained well over 1,000 officers in the only comprehensive 3-Day Interview & Interrogation Course that is taught exclusively by active officers for active officers. We guarantee that regardless of an officer's assignment, experience or years of service, he or she will leave with an all-purpose, commonsense game-plan for interviewing & interrogating victims, witnesses and suspects. The most up-to-date research and state-specific case law is woven into a game-plan that is taught by officers that successfully utilize the exact same techniques on a daily basis - in the same jurisdictions where our graduates work. Officers are excited to experience training that is engaging, makes sense and is easy to remember. Most importantly, our graduates are able to obtain legally admissible confessions immediately after completing the Course. If an officer isn't convinced after graduation that they have received the best Interview & Interrogation training that money can buy, The CTK Group will fully refund their agency's payment with absolutely no questions asked. Don't remain uncomfortable, unprepared and unsure legally - join us at a city near you this Spring and become the effective, go-to officer you've always wanted to be!

**ADVANCED SEMINAR*

2-DAY ADVANCED SEMINAR

For two-days, officers will train with other likeminded individuals to sharpen their skills and increase their tactical advantage in the interview room.

Several of the areas that will be trained include:

The Right Guy, The Right Way:

How to Prepare Against False Confessions

Making Quota:

Selling a Product Your Customer Doesn't Want

Jailbreak:

Finding the Tactical Advantage in Jail and Prison Interrogation

No other available training will cover these concepts at this level and in a way officers can apply them when they return to their assignments.

**Graduation from our 3-Day Course is not required to attend.*
